Sunday River – The Mountain

135 trails, 15 lifts, & The Most Dependable Snow in New England.

While others tend to boast it, the truth is that they're not even close. In terms of sheer size, Sunday River is a very big resort spanning three miles long from White Cap to the Jordan Bowl and in between, 8 interconnected mountain peaks, 135 trails, 820 acres plus more hidden spots than a snow leopard on a powder day thanks to our Boundary-to-Boundary Policy. And while most resorts thank Mother Nature for their winter bounty, we take matters into our own hands with the most powerful [snowmaking](#) system in the world.
